HEALTH, SAFETY AND WELLBEING POLICY

'Together with God, Making Learning a Life Long Friend'

Approved:	November 27 th 2023
Review Date:	End of Autumn Term 2024

We are a Church of England School and our policies are written with a commitment to our Christian Character, which is rooted in the Bible.

Start children off on the way they should go and even when they are old they will not turn from it (Proverbs 22:6)

1. Success Indicators

The school has a Health, Safety and Wellbeing policy which:

- Provides an overview of the school policy on health, safety and wellbeing.
- Outlines the arrangements the school has in place for health, safety and wellbeing.
- Assigns roles and responsibilities to key staff in the school.
- Is monitored and reviewed regularly by senior leaders.

2. Overview

All schools are required to have a Health, Safety and Wellbeing Policy in place.

The School's Health, Safety and Wellbeing Policy should be developed by the Headteacher, members of the School Leadership team in conjunction with the Governing Body/Trust/ Board.

3. Employer responsibilities

Where a County Council is the employer of school staff, such as in Maintained or Community Schools, Voluntary Controlled (VC) or Short Stay Schools it is recommended that schools use the Health, Safety and Wellbeing Policy template to develop their Health, Safety and Wellbeing Policy.

4. Day to day management of Health, Safety and Wellbeing

The organisation and arrangements which support the H,S and W Policy (day to day management of Health & Safety) are the responsibility of the Headteacher/Principal and the School Senior Leadership Team (supported and monitored by the Governing Body).

Note that the Management of Health and Safety at Work Regulations requires employers to appoint one or more competent people to support their management of health and safety. This may be done by appointing an external provider to provide this advice.

Occupiers Liability

Regardless of the status of the employer, all school governing bodies have health and safety responsibility as the occupier of the premises and therefore must take steps to ensure that the

premises are managed effectively to reduce risk to those using, entering or accessing the premises at any time for any reason.
